What is the North American Refugee Health Conference?

In its 15th year, the North American Refugee Health Conference (NARHC) will grow to 800+ healthcare providers, policy makers, public health specialists, researchers, social workers and ancillary health personnel representing prominent organizations from major cities across North America.

The NARHC is recognized as the leading conference for healthcare and other professionals working with refugee populations, and is the world's largest clinical refugee health conference. It alternates annually between Canada and US, and 2024 NARHC will be hosted in the “birthplace” of US refugee health: Minneapolis, MN.
